

THANK YOU!

Every year, WSUAA members make a **huge impact on the entire Cougar community** through their **gifts to Washington State University**.

How huge? Since 2018, **WSUAA members like you** have given **more than \$10 million per year** in support of programs across the WSU system: scholarships, Athletics, academic departments, faculty research, and so much more!

And this year, **you're on track to break all previous records!**

It's all because of you that we can share such a spectacular success story.

We appreciate your loyalty, your support of your beloved WSU, and **your impressive Cougar Spirit**.

With gratitude,
Your friends at the
WSU Foundation

Even when I was still a student, I heard that small donations can make a big impact, so I've always found a way to give to WSU.

And now that I've launched my career, I'm giving more—and in more strategic ways—to programs that are most important to me. It means so much to have a direct impact on the next generation of Cougs.

— **Lindsey Elhart Baker, '14**
